

Younique

Pools Renovations and Repairs

We at Younique Pools would like to thank you for choosing us, and for giving us the opportunity to handle all of your pool repair and renovations needs. We take great pride in the quality of our workmanship and customer service that we give, which we believe sets apart from our competitors. As a way of saying thank you, we would like to educate our customers in the process of the Diamond Brite renovation.

Diamond Brite is a beautiful and exceptionally strong, durable finish that will make your pool look pristine and inviting. It has been rated the number one pool finish for the past fifteen years by the pool and spa industry. We are happy to inform you that Joseph J. Younes , the owner, was trained and certified in the application of Diamond Brite by its creator over twenty-three years ago. Younique Pools Renovations and Repairs is proud to offer a ten year warranty on materials, labor, peeling, lifting, or chipping of Diamond Brite.

We understand and are sensitive to the concerns that our customers may have during the renovation process and would like to put these concerns at ease by giving you a list of our process and some pool care instructions. We would like to thank you for taking the time to read the enclosed information, and if you have any questions, please feel free to call.

Once again, thank you for your patronage and remember, "We're not just another pool company, we're Younique!"
